

Lloydminster & District

March 23, 2020

To our Lloydminster and District Co-op membership,

Our team is being called upon by our government, community, and membership to continue serving the public amidst the COVID-19 pandemic, and we'll step up to the challenge while keeping our teams safe.

Many of our business lines are required to provide essential goods and services to local members.

The following sites will continue to serve our membership by phone, email, or text message. Public access to these facilities is restricted, and staff will remain on site to facilitate essentials sales needs for feed, crop inputs, home heat, petroleum, and more. Propane, bulk fuel and lubricant, and agriculture deliveries will occur with additional safety measures to protect our drivers.

Here's how you can help keep our Co-op team and customers safe:

- Adhere to posted signage requiring public to not enter if you're showing symptoms of cough, fever, or illness, or have travelled within 14 days. Go home and call 8-1-1.
- Follow best practices in surface, hand and facial hygiene, including washing with soap and water for 20-30 seconds, using hand sanitizer, not touching produce you do not intend to buy, and not touching your face, eyes, or nose.
- Respect preventative measures including signage regarding social distancing and limiting your visit to essential needs only.

Thank you for your trust in us during these challenging times. We will make it through, together.
